1. Most importantly and **first**, request the approval of your parents/ or legal guardian!
2. Coordinate your eligibility for these college leadership elective credits with your local high school instructor, mentor, or JROTC cadre. In order for you to receive a grade for your coursework, we will need a signed statement from **your instructor** that includes your full name, course number and name and letter grade. Only your instructor can sign, scan and email drstriler@aol.com this critical document.

5. If you are having these credits paid for with a scholarship of any type, please have your local instructor/JROTC cadre member call us.
